

# Does your business receive the best price for its energy use?

Expert Independent Advice

As an independent energy procurement specialist, Able Power help organisations of all sizes and from all sectors find the most suitable gas and electricity contracts. We work on your behalf to secure the best rates, saving you time and helping you to reduce consumption and cut costs.

Our independent status allows us to source and negotiate the most favourable terms from a range of different energy partners in order to package the best deals for our customers.

## FREE No obligation Quote

We will provide you with a **FREE** Analysis of your current energy usage and source competitive prices from the UK's leading energy suppliers.

We are a 100% independent of any supplier and will search through our comprehensive panel to find the right solution for your business.

### Energy purchasing expertise

Our first priority is to provide you with Energy Consultancy services and market knowledge. We can then determine with you the cheapest energy contract buying solutions for your business. We manage the procurement process on your behalf, liaising with suppliers and providing information and support to help you make the right decisions. We can source tariffs and have contracts in place quickly, ensuring you do not get rolled over on to an out-of-contract rate.

### Green energy suppliers

If you're looking to power your business using sustainable energy, we can provide green energy contracts from a range of green energy suppliers. This energy is generated from sustainable sources such as the sun, wind and water using renewable generation techniques.
